

Beginner Sewing with a Machine Supply List:

- 1) Sewing machine. I have a couple of extra but I do encourage you to bring your own so that you can learn how that one works. (Don't forget the plug!)
- 2) Sewing machine bobbins and needles. The manufacturer's instruction book should tell you the size.
- 3) Gray or white thread
- 4) Scrap pieces of cotton fabric for practicing on.
- 5) Pins, fabric scissors, small ruler, seam ripper
- 6) Magnification glasses are helpful but not necessary
- 7) A box or bag to keep your projects in
- 8) Fabric (we will talk about amounts and kinds in class)
